Short description of the mission and objectives of the group, and of how it fits with the overall CoARA vision (200 words max)*

- Coordination of the French members participating in CoARA
- Reporting and sharing information on ongoing work within CoARA, especially within the CoARA WG
- Create synergy between specialists to avoid isolation in their functions
- Information sharing on the implementation of the CoARA commitments within French CoARA member institutions
- Identifying the needs of institutions and helping to produce responses/resources to meet them
- Development of a follow-up at the French level of the actions carried out in the establishments and organisations, in relation to the CoARA commitments
- Improve fit with DORA

Expected impact (notably expected adoption and implementation scenarios) (300 words max)*

Within the scope of CoARA, assessment-related products (applicant and reviewer guides, detailed procedures, application forms, evaluation sheets, weighting grids, conflict research methodology, etc.) will be offered for each type of assessment, accompanied by a discussion phase for better assimilation.

Sharing on a web site that will be available for each institution, including those awaiting signatures (www.coara.fr).

Work on adherence to values such as Evaluation ethics and integrity

Work on Evaluation criterias formalism

Added value of the National Chapter over and above what is currently being done within the country (300 words max)*

In France, we have different institutions (evaluation and funding agencies, employers such as national research organisations and universities), which conduct evaluations of different types: National Research Organisations, Universities, evaluation and funding agencies, research units, research projects, recruitment and career promotion, bonuses, etc.

The added value of the national chapter will be to create a common knowledge by sharing each process when establishing the French state of the art in each institution.

Work plan and outputs / deliverables, that can be accomplished within the timeline proposed (600 words max)*

- *Presentation of the state of the art with a public display (State of the art in each institution plus a summary of the state of the art in France on the COARA FRANCE website)*
- *List of resources and skills available in each institution to consider training of evaluators*
- *Training of trainers*
- *Creation of a space for sharing resources (COARA France website)*
- *Translation of the COARA EU documents into French so that each institution can appropriate them.*

Conceive guidelines on the ethics of evaluation for every stakeholders

Envisaged co-chairs leading the National Chapter, representing different types of organisation and countries / regions*

Armelle REGNAULT, INSERM, armelle.regnault@inserm.fr

Mechanisms to ensure that a broader range of organisations, including from outside CoARA, contribute to and benefit from the National Chapter (300 words max)*

The basis of our group was a national working group of DORA signatories, which was initiated by the French Committee for Open Science and organised the 2022 Open Science European Conference. It has evolved into the French CoARA group, under the name CoARA-FRANCE.

The group is open to all French CoARA member organisations, with the goal of having 100% of them, with the French Ministry of Research acting as facilitator.

Final productions will be available to all institutions, including non-members.

Envisaged support needed from the Secretariat and resources expected to be provided in-kind by National Chapter members. Please note: this will be provided for information only and will not be evaluated by the CoARA Steering Board. Please also have a look at section 2.6 in the Call Document for an overview of the possible support that can be offered to National Chapters.

Website support (infrastructure) and site maintenance (man power)

Financial support for the organization of events (kick-off meeting, meetings, workshops, etc.),

Assistance in financing training courses, MOOCs, training resources,

Financial assistance for translations, etc.

Mission expenses of experts within the framework of CoARA

Fellowship for operational knowledge acquisition.
